VOLUME CVI.---NO 178. ALEXANDRIA, VA., SATURDAY EVENING, JULY 29, 1905. PRICE 2 CENTS.

DON'T BE HYPNOTISED.

Hoodwinked, hoodooed, or over-persuaded into accepting a substitute for Doctor Pierce's Favorite Prescription with its record of nearly 40 years, embracing hundreds of thousands of cures of woman's peculiar ailments. It's the only remedy for woman's ills sold by druggists, that is not full of "booze"—poor whisky, or bad alcohol.

A guarantee of 8cece is offered that "Favorite Prescription" contains no alcohol, opium or other harmful drug. Keeps in any climate.

"Favorite Prescription" is a powerful invigorating tonic, and imparts strength to the whole system and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

It's an insult to your intelligence for a dealer to attempt to palm off upon you an alcoholic *substitute* for this world-famed medicine. You *know* what you want. It's his business to *meet that want*. When he urges some *substitute* he's thinking of the larger profit he'll make—not of your welfare.

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at $1.50 per copy. Last year we gave away 680,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will you share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

If out of health, write to old Dr. Pierce. He will send you good, fatherly, professional advice without charge.

Dr. Pierce's Pleasant Pellets are the smallest, the easiest to take, and the easiest in the way they act. No griping, no violence, no disturbance to the system, diet or occupation. They are the Original Little Liver Pills, first put up by old Dr. R. V. Pierce, over 40 years ago. They have been much imitated but never equaled. They come in vials, always fresh and reliable: a convenient vest-pocket remedy.

THE REAL TEST

Of Herpicide Is In Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vigors may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weaken, and become diseased.

Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

Digests What You Eat

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. Prepared at the Laboratory of E. C. DeWitt & Co., Chicago, U.S.A.

WILLING FOR ARMISTICE.

No statement was given out at the headquarters of the Japanese peace commission in New York yesterday relative to the visit to President Roosevelt on Thursday of Baron Komura and Kogoro Takahira, the Japanese commissioners.

Aimar Sato, minister resident to the Emperor of Japan, who is the official spokesman for the commission said yesterday:

"There is no statement to make about the visit of the Baron and Mr. Takahira; what could be said? It was a most informal visit and no questions of any importance relating to the coming negotiations were touched upon. There was not even time for the discussion of matters that by precedent go before the parties to the negotiations.

"The question of an armistice is one that is considered at formal meetings, and I can assure you that President Roosevelt made no request for an armistice."

Inquiry was made of Mr. Sato as to the attitude of the Japanese on the question of an armistice, and he replied: "Japan is perfectly willing to agree to an armistice after the credentials of both commissions have been examined and certified. The examination of credentials must necessarily be the first duty of the peace delegates to ascertain that all are qualified to act in the capacity to which they are represented. In the negotiations for peace that ended the Chinese war I remember there was much delay because the credentials of one of the Chinese plenipotentiaries did not bear the Emperor's seal granting him plenary powers. However, I think an armistice will be agreed upon after the commissions enter formally upon their work. It has been the custom in all peace negotiations to cease hostilities during the convention of peace plenipotentiaries."

Mr. Sato was asked as to the definite powers of the members of his commission, and he said: "They have power to reject any proposal and commit the Japanese government to any document they may sign, subject, of course, to the sanction of the Emperor."

The reports that China intended asking an indemnity Mr. Soto had read, and regarding this he said:

"China could not ask any indemnity of Japan. It was her inability or unwillingness to keep Russia out of Manchuria that forced us into the war."

Throughout the day Baron Komura applied himself closely to his official duties. Many dispatches are transmitted to and from Tokio, and all the secretaries with the suite are taxed with an enormous amount of work.

Last night Baron Komura and his suite dined with the trustees of the Japanese Club.

Mr. Sato commented upon the reception to Secretary Taft in Tokio, and said he had read the reports with deep interest. The fact that the historic Chrysanthe Gardens had been thrown open to the Secretary, Mr. Sato said, was indicative of the feeling toward Americans in Japan.

"These gardens are almost sacred in our country," said Mr. Sato, "and this is the first time they have been opened to a foreign citizen, It is a marked distinction and honor. They are opened for our own people but twice a year."

Attempt to Kidnap Child.

A big negro attempted to kidnap a nine-year-old girl near the Netherwood Fresh Air Camp in Netherwood, N. J., yesterday morning, but was beaten off by a woman. Charles Long, the negro slayer of Matthew Cunningham, of Trenton, is at large in that vicinity, and many persons believe that he is the person who attempted to carry the girl into the woods. The description of the murderer tallies with that of the man who was seen at Netherwood, and there can no longer be any doubt that Long has escaped from his hiding place in the South Plainfield swamp.

Netherwood is half way between Elizabeth and South Plainfield. There Miss Sarah A. Curry, a nurse, has under her care half a hundred children from New York tenements. Some of them were going to New York yesterday morning, and Annie Wagner and her aunt, Mrs. Cousins, were behind the rest on the route to the station. The girl was walking behind her aunt picking flowers, when the negro emerged from behind a clump of trees, grasped her about the waist and started with her towards the woods. He evidently thought she was alone.

The aunt heard the child's screams, and, yelling herself, started in pursuit. The hubbub aroused the party ahead, who turned to join in the chase. Mrs. Cousins grabbed a stick, and when she caught up to the negro she belabored him on the head and shoulders until he threw the little girl down and ran, brandishing a revolver as he disappeared.

The pills that act as a tonic, and not as a drastic purge, are DeWitt's Little Early Risers. They cure Headache, Constipation, Billousness, etc. Early Risers are small, easy to take and easy to act—a safe pill. Mack Hamilton, hotel clerk at Valley, N. D., says: "Two bottles of these Famous Little Pills cured me of chronic constipation." Good for either children or adults. Sold by W. F. Creighton, 401 King street, and corner of Queen and Patrick streets.

Conviction Follows Trial

When buying loose coffee or anything your grocer happens to have in his bin, **how do you know what you are getting?** Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out.

Could any amount of mere talk have persuaded millions of housekeepers to use

Lion Coffee,

the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in

Purity, Strength, Flavor and Uniformity?

This popular success of LION COFFEE can be due only to inherent merit. There is no stronger proof of merit than continued and increasing popularity.

If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER.

LION COFFEE is sold only in 1 lb. sealed packages, and reaches you as pure and clean as when it left our factory.

Lion-head on every package.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent. of his earnings. He must spend nine dollars in living expenses for every dollar saved. This being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by Gibson & Timberman and W. F. Creighton & Co.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

A Grim Tragedy

is daily enacted, in thousands of homes, as Death claims, in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oaklandon, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Cold which cured her, and to-day she is well and strong.' It kills the germs of all diseases. One dose relieves. SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, JULY 29, 1905.

JERRY SIMPSON, who several years years ago enjoyed a meteorlike notoriety in Congress by his advocacy of the platform of the defunct populist party, and (as it was alleged) for refusing to wear socks, is dying in a beautiful valley in New Mexico. It is generally admitted that had Simpson been allied with one of the more stable parties of the land he would soon have become a recognized power in the organization. Comparatively young, given to cutting and original reparte, members of the House were careful in taking hold of him, as nine times out of ten he turned the laugh on his adversaries. Personally he was companionable, and likely to impress those who made his acquaintance. His powers, however, were confined mostly to his wit, not to statesmanship, and the crude ideas of political economy as embraced in the notions of the party he represented produced no lasting impression. About ten years ago Simpson was invited to speak in Alexandria. He arrived here one night in company with two or three other members of Congress from the northwest. A room (or ballway) in the Braddock House was selected as the auditoriumn and about twenty or twenty-five persons appeared. Simpson disappointed most of his hearers. They had expected to meet an erratic type of the Kansas hayseed adorned with populistic whiskers. When Simpson was announced and a neat pleasant gentleman, dressed in conventional black and wearing glasses, stepped forward with a pleasant smile, their disappointment was visible. His speech, which was an explanation of populistic dreams, was listened to attentively, but he made few proselytes here. As stated above, his ideas of political economy were regarded as crude. During his speech in Alexandria he said, among other things, that he acquired his political ideas while following a stump tail mule and a plow in Colorado. This political school failed to appeal to the mass of voters.

THE ESCAPE of Hoch from the gallows yesterday was one of the many instances where money delays justice and sometimes thwarts it. This modern Bluebeard was dressed for the scaffold and was in its shadow when the announcement was made that the necessary wherewithal had been raised to take his case to the Illinois Court of Appeals. While Hoch was being prepared for his journey into eternity he gave vent to his objections to American justice by observing that if he had money he could avoid his fate, and referred to a recent case in New York where filthy lucre, it is supposed, is about to allow a murderer to die of old age. Hoch, among other things, said the State should furnish money for impecunious criminals in order to allow them to carry their cases from court to court.

No rogue e'er felt the halter draw
With a good opinion of the law

was an ancient observation, and Hoch is a specimen of the creatures who forfeit their lives to the communities in which they live, and when they fall into the meshes of the law and justice is about to overtake them, imagine that the laws are defective and strangely suppose they should be liberated and allowed to continue their careers. Hoch's history is stranger than fiction, and yet, marvelous as it may seem, people impelled by some strange motive, have opened their purses and contributed to a fund which the condemned murderer hopes will purchase a miscarriage of justice.

WE LIVE in a restless age, and events follow close in the wake of others. A most interesting sign of the times is the present movement among Jews toward restoring the Israelitish Commonwealth. These people have almost since the advent of the Christian era been dispersed among all civilized nations of the earth, a people without a country or a king. The great mass has prospered, and it is said that they possess one-fourth of the capital of the world. The Zionist Congress now in session at Basle, Switzerland, is attracting considerable attention, not only of the descendants of Abraham, but of many others who are interested in the future history of the Jewish people. The orthodox Hebrew has ever believed that Palestine is to be the future home of the race, and that the forecasts of their seers will yet be fulfilled literally. The present generation may witness the reoccupation of the Holy Land by the Israelities and a subsequent panorama of events equally as interesting.

THE discovery of a cow in the third story of a house of an Italian in the infected district, in New Orleans, which had been raised from a little calf, and of a woman milking a goat at the foot of a bed on which her husband was dying of yellow fever, are good examples of why the yellow fever has spread with such remarkable rapidity in that city. Italians who have been living in the disinfected districts near the French markets are fleeing to all parts of the city. It is generally known that these people are scattered in all directions. They don't think about their house-hold effects. Just a few clothes and a little bedding for them to rest on is all they take with them, but the continuous moving of the half crazed people, it is believed, may spread the fever.

THE YELLOW FEVER mosquito has been found in Baltimore! This means that if one single case of yellow fever should be brought there from Panama or New Orleans and escape the gantlet of the quarantine officers an epidemic of yellow fever could speedily spread throughout the city. Baltimore should at once be quarantined against the yellow fever mosquitoes.

THOSE goody-good people of Richmond who have been so persistent in their advocacy of the "primary plan," have given the people of the rest of the State full ground for suspecting their honesty, for now it is admitted that the recent primary held in that city was a fraud from start to finish.

From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, D. C., July 29.

Friends of Dr. George T. Moore, the physiologist in the Department of Agriculture, who resigned yesterday, are said to be urging him to delay his resignation to Secretary Wilson and his immediate superiors. It is believed that Dr. Moore did so merely to permit them to clear his name. That his superiors did not stand by him is said to have been a sore disappointment to Dr. Moore. By securing a further patent on the method of ground inoculation, which he made over to the government, it is said by men acquainted with the system that he can make a fortune.

Copies of the Japanese blue book for 1905, prepared by the Department of Finance, just issued from the government printing office at Tokio, has been received here. The progressive enterprise of the Japanese is exhibited in this publication, which is printed in English. According to the blue book, the Empire of Japan, comprising nearly 100 main and nearly 500 adjacent small islands, has about 18,000 miles of seacoast. It has an erea of 161,148 square miles. The total population was a little over 33,000,000 in 1872 and has risen to 47,812,702, besides 3,059,235 for Formosa, these being the figures given at the close of the fiscal year 1905. The close approximation to exactness in the division of numbers between male and female is remarkable.

One new case of yellow fever is reported from the Panama canal zone.

Lieutenant-Governor Willard, of Virginia, was here last night and met a number of his friends. He is in good spirits and seems well satisfied with his canvass for the governorship of his State. He left today for Hampton where he will speak tonight.

John Hyde, the former chief of the Statistical Bureau of the Agricultural Department, who unexpectedly went to Europe just as his testimony was needed by the grand jury here, which is investigating the cotton leak scandal, will not be permitted to escape surveillance. It is understood that the State Department, acting on the request of District Attorney Beach, has requested the British government to keep a watch on Mr. Hyde's movements so that he may be found if it should become necessary or desirable to bring him back to this country. If Mr. Hyde should go to the continent the system of espionage maintained there as a general thing over all foreigners arriving will be sufficient to ensure that his whereabouts will be known should the information be required here. Mr. Holmes, the Assistant Chief of the Statistical Bureau, who was discharged because of his complicity in the cotton leaks, and who has also absented himself, is said to have gone to one of the Dakotas. The British government will also, it is said, be asked to keep track of his movements in case he should find it convenient to go across the frontier into Canada.

The report that he had sent his resignation to the President was brought to the attention of Secretary of Agriculture Wilson, this morning. "Maliciously gotten up, maliciously circulated by those that lie," was the way he refuted it. The Secretary has entirely recovered from the attack of acute indigestion he suffered Monday and is planning to leave the city shortly on his summer vacation. Assistant Secretary Millet M. Hays will have charge during his absence.

Lieut. Robert S. Clark, 9th Infantry, stepson of Bishop Potter of New York, has tendered his resignation and it has been accepted by the President. He is tired of army life.

Although the United States Treasury deficit at the close of the business yesterday was over $16,000,000 for the 29 days of the first month of the fiscal year, it is estimated that this will be reduced to less than $14,000,000 by August 1. For the same month last year the deficit was over $20,000,000. There has been no decrease in receipts from customs and internal revenue during the month, but the expenditures have been very heavy.

Justice Wright in Criminal Court No. 1 held today that Moses Haas, a New York broker, need not answer questions propounded by the United States District Attorney which might tend to incriminate him before the grand jury, in the special investigation which it is making into the recent cotton leak scandal in the Agricultural Department. Haas claimed immunity under the constitution, claiming that if he were directly or indirectly connected by the Secret Service men with the action of the former Statistician Holmes, whom it was sought to indict for conspiracy, answers to certain questions might incriminate him. Justice Wright held that the witness was clearly within his constitutional rights; and that the report of Secretary Wilson on the cotton leak investigation should be taken into consideration and has given privileges accorded those under charges. He held that the witness could be required to incriminate himself, and that each question propounded by the District Attorney should be taken seperately as to whether it was of a character to be answered.

S. N. Crawford, a Philadelphia traveling man, was found dead in Wyoming Villa Hotel, at Wilkesbarre, Pa., this morning. He had committed suicide, as his room was filled with gas, death being due to asphyxiation. Two notes addressed to relatives found on his dresser were taken in charge by the coroner.

News of the Day.

The new superintendent of police in Chicago yesterday raided handbook resorts and closed up several well-established poker games.

James W. Orme, acting president of the Washington Gas Light Company, died suddenly yesterday while working at his desk in the office of the company.

Lieutenant General Chaffee will act as Secretary of War while acting Secretary of War Oliver is on his vacation. General Chaffee goes to Paris August 19 to attend the French army manoeuvres.

President Roosevelt yesterday made a visit to Coney Island to inspect the institutions established there by the city of New York to improve the condition of the poor. The President was accompanied by Mrs. Roosevelt and Jacob Riis. The trip from Oyster Bay to Sea Gate was made on the naval yacht Sylph.

May Cost His Life.

Mrs. Elizabeth Sanford, the wife of Captain Sanford, who shot George Wright to death last week in Rome, Ga., because he believed that Wright and Mrs Sanford were unduly intimate, defends her honor in a statement made Thursday, although it will in all likelihood send her husband and the father of her three children to the gallows. In her statement Mrs. Sanford says: "This is a terrible situation for me. I have to defend my own honor, yet to do that means probably the hanging of my husband and the father of my children. I am absolutely alone in my defence. I have not a soul in the world to whom I can turn for help, and I feel I must gather all my forces to the task. As to the charges Mr. Sanford makes, they are false. I am not and never was an unfaithful wife." All those concerned are socially prominent, and Sanford's trial, which will begin August 1, is expected to be sensational. Mrs. Wright, the wife of the slain man, gave birth to twins Thursday, but they died in an hour. Mrs. Wright is expected to die, not having recovered from the shock of her husband's death.

Capt. Sanford, soon to be tried for the murder of Wright, said in jail in Rome last night regarding his wife's declaration of innocence: "I would go to the gallows with a light heart and a smile could I only do so with the knowledge that she is as pure and innocent as she claims. For her sake, and for my children's sake, I should be glad that she might prove her innocence, but this great satisfaction will never be vouchsafed. She is guilty. She knows it, and I know it, and it will be established by overwhelming proof."

Affirmed Lower Court.

In the Superior Court at Winston-Salem, N. C., yesterday afternoon, Judge Bryan heard argument in a rather novel case. The defendant was Thomas Hege, a Seventh-day Adventist, who had appealed from the mayor's court in a fine imposed upon Hege for persistently keeping his store open and selling goods on Sunday. The defendant employed counsel, and after the latter's argument Hege spoke for twenty minutes, giving a brief history of his own life and reading many selections from the Bible. He contended that the State and city laws in regard to Sabbath observances are unconstitutional. Judge Bryan sustained the judgement of the mayor, and the counsel for the Seventh-day Adventist gave notice of appeal to the State Supreme Court. Hege announces that he will take his case to the United States Supreme Court if he loses in the lower court. He proposes to serve out his sentence of sixty days in jail, imposed by the mayor.

Woman Burned to Death.

Miss Fannie Anderson, aged 55 years, poured coal oil from a can upon the smouldering embers of a kitchen fire at Charles Summers' home, near Jefferson, Md., Thursday, and met a horrible death as a result of her carelessness. The can exploded and before aid arrived Miss Anderson was burned to a crisp. Mr. and Mrs. Summers, the former a nephew of Miss Anderson, who lived with them, were at a house several hundred yards from their home when the accident occurred. They heard the explosion, but as there had been blasting in the neighborhood paid no attention to it until smoke was seen issuing from the house. Mr. Summers ran home and found the kitchen ablaze. With the aid of neighbors the flames were extinguished and Miss Anderson's body was found near the stove. A young child of Mr. and Mrs. Summers was sleeping in a room on the second floor of the house at the time of the accident.

Marries Man in Jail.

Mrs. Lillian M. Roth, a handsome young widow of Baltimore, has been married in the Richmond city jail to Thomas E. Grady, otherwise known as Burns, who is awaiting trial on the charge of having been one of a band of yeggmen who not long ago cracked the safe of the bank at Manassas. Mrs. Roth, whose husband has been dead four years, went to Richmond from Baltimore with her little daughter, procured a marriage license and got Rev. Dr. W. E. Evans, of Monumental Episcopal Church, to perform the ceremony. Two deputies were witnesses. The bride said that she would await her husband's release in Baltimore, that no case could be made against him, for he was at her mother's house at the time the bank was broken into.

Old-Time Mormonism.

Frederick W. Smith, grandson of the Prophet Joseph Smith and the son of Joseph Smith, the present head of the reorganized church of Latter Day Saints, has started a propaganda to convert the Mormons of Utah to the former principles of the church as enunciated by the prophet. As the initial step in his campaign Mr. Smith has issued an open letter to the Mormons of Utah, appealing to them to abandon polygamy, commercialism and political interference. Authorities are quoted to prove that Brigham Young led the people away from the teaching of the prophet.

Virginia News.

James Henry Jones died at his home, near Raccoon Ford, recently after a long illness. He served in Company C, Seventh Virginia Regiment, during the civil war.

Elijah P. Myers died after a lingering illness of some months of a complication of diseases, at his home in Ryan, Loudoun county, on Wednesday of last week, aged 83 years.

Walter C. Boatwright of Newport News, died suddenly yesterday at the home of his sister, Mrs. M. E. Tompkins in Fredericksburg, whom he was visiting of hemorrhage of the lungs, aged 50 years.

In response to a query from State Chairman Ellyson, Attorney General Anderson holds that the judges and clerks in the coming primary election must take the oath required of those who serve in the regular election.

THE RICHMOND PRIMARY MUDDLE.

As stated in the Gazette of that day Judge S. B. Witt, of the Hustings Court, yesterday ordered the Richmond grand jury, which recently made a partial investigation of irregularities in the recent primary, to assemble again Monday and to begin a thorough inquiry into the methods employed at each precinct.

Many irregularities are indicated and some downright. The election may be declared invalid and there will probably be other indictments in addition to the five recently returned. At its former meeting the grand jury examined nearly all of the voters at the Third precinct, Monroe ward and their testimony indicated that the vote there had been manipulated in favor of J. C. Smith for City Sergeant and Minitree Folkes for Commonwealth's Attorney.

There are 22 other precincts to be examined and about 6,000 voters to be interrogated. Summonses are now being issued to those who voted in First Jefferson and Second Lee. Commonwealth's Attorney Richardson said yesterday that he had received intimation of crooked work in these and other precincts, and the grand jury would be requested to probe them to the bottom.

In view of the approaching primary for the nomination of a United States Senator and State officials it is desired to make an example of the criminals in order to deter others. The defeated candidates in the Richmond primary have consulted lawyers with a view to bringing suit against the city committee to recover the sums paid by them as entrance fees, which aggregate $985. They claim that the contract with the committee guaranteed them a fair election, which they did not have.

The claim will be that the committee did not use proper care in its choice of election officers and is, therefore, responsible for the result. It is expected that the result will be the total overturning of the primary, and that a new deal will be ordered by the court in connection with the State primary, August 22.

Pawnbroker Robbed and Murdered.

Joseph Moyer, a pawnbroker, was attacked in Detroit, Mich., yesterday evening and fatally injured by thieves, who caught him alone in his office. The thieves got away with about $600 in money and probably $1,000 worth of diamonds. They left Moyer unconscious in his place of business with his head terribly crushed and battered, and with diamonds and jewelry scattered around the floor. Moyer died at St. Mary's Hospital without having recovered consciousness. He was about sixty years old. The tragedy was discovered by passersby, who noticed the disordered condition of the display windows. Moyer was found lying on the floor of his private office, just gasping in the throes of death, and the room was spattered with blood. The thieves had gained access to the cash drawer by taking the keys from their victim's pocket. The affair occurred within a block of police headquarters. Several suspects have been placed under arrest. Moyer's assailants had evidently snatched some trays of jewelry from the show windows after felling the pawnbroker with a heavy cane or bar of iron. In their desperate hurry to escape they had scattered some of their plunder around the floor.

Refused to Aid His Son.

John Martin Speyer, sentenced to die on the gallows in Kansas City, Mo., for the murder of his five-year-old son, lost all hope of life yesterday when he learned that his father, a prosperous Dutch farmer in Worcester county, Md., would not aid him financially. The condemned man's attorney needing money for the appeal wrote to the old man asking for some, and yesterday received this answer: "The death sentence is the visitation of the hand of Almighty God upon my son for engaging in the circus business. I cannot help him." When the condemned man saw the letter he was heartbroken. "That's final," he said, "his mind is made up. He will never change his opinion." Speyer was convicted of murder in the second degree, and sentenced to 20 years in the penitentiary at the first trial, but he appealed, the decision was reversed and the case remanded by the Supreme Court, and at the second trial he was convicted of murder in the first degree and sentenced to be hanged. Two weeks after his last conviction his wife, in New Orleans, secured a divorce from him. Speyer pleaded insanity at both trials.

New York Stock Market.

New York, July 29.—There was a continued exhaustion of the stocks in sight around current quotations on the floor of the exchange during the first hour. Some irregularities developed during the last fifteen minutes of trading, but the closing tone was steady.

Today's Telegraphic News

More War Talk.

London, July 29.—Englishmen generally are manifesting considerable alarm over the agitation which in proceeding in Germany, urging the Kaiser to take the initiative in the issuance of a proclamation similar in nature to the Monroe doctrine, affecting the Baltic Sea and barring all warships from the Baltic, except those of Germany, Russia, Denmark and Sweden.

There is no doubt that if the agitation for such a proclamation is successful, and all warships except those of the favored nations barred from these waters, Germany will have taken a long step toward accomplishing her ambition to become the preponderating naval power.

Sober-minded Englishmen consider that England's naval prestige is threatened by the proposed plan, and there is no doubt that if Germany persists in her designs, a serious Anglo-German crisis will arise.

The Morning Post, one of the most conservative journals in England, today sounds a warning on the subject, and declares that if those who advocate the closing of the Baltic to the warships of other nations "really represent Germany, and want a fight with this country, the sooner they have it, the better."

Announcement was made this week of the intention of the English Admiralty to send a large fleet to the Baltic for naval manoeuvres. The evident purpose of this action was to offset the prestige given the Kaiser by his present tour of those waters, and his visits to the several sovereigns of the countries touching the Baltic. This announcement has caused a great deal of comment in the several important countries of Europe and the agitation in Germany for the closing of the Baltic has increased since England's announcement was made.

Zionist Congress.

Basle, Switzerland, July 29.—At tomorrow's session of the Zionist Congress delegates Professor Dr. Otte Warburg and Dr. Soskin, both of Berlin, will present the report of the committee appointed to deal with the question of Jewish colonization in Palestine. It appears from this report that out of the total population of Palestine, which numbers 600,000, approximately 80,000 are Jews. The majority of these Jews live in the towns, there being 40,000 Jews in Jerusalem, 10,000 in Jaffa and 7,000 in Tiberius. The colonization by Jews is not far advanced There are, however, 27 villages of Jewish agricultural colonists which number 6,500 and who own a total extent of 160,000 acres of land. All experts agree that Palestine could support a much larger population. There is no doubt that Palestine could support at least 2,000,000 more persons than at present, so that there is plenty of room for immigrants. The work of the committee has been limited to modest dimensions. It dispatched two expeditions to Palestine and Asia Minor, one for the purpose of geological research and the other for investigating in detail the commercial and agriculture possibilities of the country. Six meteorological stations have been established in the different parts of Palestine to made systematic observations regarding the climate conditions for agriculture. An experimental colony has also been established to carry out detailed tests regarding the productivity of the soil and the possibilities of development. The committee has also been able to begin on a small scale the production of cotton in Palestine. In Europe the committee sought to distribute the information about Palestine by means of courses of lectures and literary publications among the Jews who may be called upon to colonize the Holy Land.

The Panama Canal.

New York, July 29.—Panama Canal Commissioners Haines and Harrod were among the passengers who arrived here today on the steamer Segurance from Colon. When seen at Quarantine Mr. Harrod said: "We have been ten days on the isthmus looking over the work and preparing details and reports to present to the advisory board on September 1. The principal work occupying our attention at present is the establishment of quarters for the employes and food supply. This week we expect to have all our employes from the outside posts and hamlets and bring them under supervision. We had 1,500 employes under charge in the month of July and had only three cases of yellow fever there."

The President to Gov. Folk.

Jefferson City, Mo., July 29.—Gov. Folk has received from President Roosevelt a copy of the "Strenuous Life." On the first page in the President's handwriting are these words:

"To Governor Joseph W. Folk, with the regards of Theodore Roosevelt, July 15, 1905.

"Dear Governor—Many of the problems with which you and I have to deal are, in their essentials, much the same, after all. Perhaps you may be momentarily interested in two of these essays, 'Latitude and Longitude' and 'Promise and Performance.'

Russia Cutting Down Expenses.

St. Petersburg, July 29.—Orders have been issued to all the ministers to supervise the re-auditing of the accounts of their respective departments with a view of cutting down expenses. All surpluses which are found are to be placed at the disposal of the finance department which has urgent need of the money. The fact that money is being wasted in the various departments has been brought to light through the discovery that the navy department is spending large sums for fittings to replace parts which were defective on the warships of Admiral Rojestvensky's fleet which were sunk in the recent great naval battle.

Burdens of Martial Law.

St. Petersburg, July 29.—A deputation of citizens from Odessa has arrived here to implore the government to free that city from the burden of martial law which has been enforced ever since the recent riots and mutiny there. The citizens declare that the military regime is hindering the commerce of the city, Workmen have been reduced to a condition of poverty, and tradesmen have suffered material losses while the grain trade has been almost ruined. It is expected that the government will give a favorable answer to the petition of the citizens.

Spoiled Her Beauty.

Harriet Howard, of 209 W. 34th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had Salt Rheum or Eczema for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. 25c at E. S. Leadbeater & Sons' drug store.

Yellow Fever.

New Orleans, July 29.—New Orleans is bottled up as tight as it ever was before. Memphis is now quarantined. The Louisiana State Board of Health yesterday quarantined the entire State against this city, with the exception of the three contiguous parishes, which are really a part of the city. The centralized movement combining all the ward and commercial organizations in the fight against the mosquitoes was yesterday and this morning most thoroughly perfected. A new case at Lumberton, Miss., on the Gulf and Ship Island Railroad, was added to the terrors the people of that State already feel. Many cities of the South have quarantined against Memphis, because that city until yesterday refused to quarantine Louisiana. Among these were Shreveport, La., the second largest city in the State. Shreveport has organized a thorough shotgun quarantine system, according to the latest news from that place. Galveston and Mobile still deny having cases of yellow fever. The City Council last night decided to immediately pave the dirt streets through the originally infected portions of the city with asphalt, believing that such a course will be conducive to the best sanitation.

New Orleans, July 29.—Mayor Behrman this morning gave out a statement in which he says:

"New Orleans is suffering more from the rigid quarantine than from yellow fever, of which the citizens here have the fullest control. The mosquito theory is accepted by our physicians and laymen alike, and there is nothing remaining to be done but to fight the mosquitos, which is being done by oiling the gutters and screening and oiling the cisterns. The number of new cases were less yesterday by five, than on the previous day.

"We have the situation so thoroughly in hand, that we believewe will shortly convince the outside world that by working on the mosquito theory yellow fever will be entirely robbed of all its perils and that shotgun quarantines are senseless as a method to combat yellow fever, as such cannot prevent the spread of mosquitos. This is a fight wholly against the stemogymia fasciato mosquito."

Some new cases were recorded up to noon today, but no deaths. Up to six o'clock last night 21 new cases had been reported and three deaths.

The total number of cases up to six o'clock last night had been 227, and the total number of deaths 47. There are now 35 different foci.

Of the cases reported yesterday, five only were above Canal street, in the American quarter. One of these is a well-known lawyer. Another is a young woman who has been acting as a nurse. One of these cases above Canal street was imported from Central America on the steamship Oregon. The three deaths were all Italians, and one of them had been previously reported by the health authorities. No trains are allowed to carry passengers through Texas from New Orleans.

New York, July 29.—The Panama Railroad Company's steamer Seguranca arrived at Quarantine this morning. Several members of the crew are sick. At Colon four of the crew were landed and sent to the hospital. The surgeon at Colon reported all sick with yellow fever. Several of the crew have been ill on the passage hither, and one of the cabin passengers, a trained nurse on vacation leave, was slightly ill during the trip.

Dr. Doty took personal charge of the inspection and the passengers and crew are being treated by the thermometers. Four it is known, will be sent to the hospital.

Seventeen persons were removed from the steamer Seguranca at Quarantine. They comprise ten members of the crew, two first and five second class passengers. Eight of the crew had been ill on the passage. Six are now convalescent and two are still sick. The other passengers and crew merely showed elevation of temperature. The two sick men were sent to Swinburne Island for treatment, the remainder to Hoffman Island for observation.

Mouse Drove Sisters From Prayer Services.

Oxford, Pa., July 29.—A mouse effectually broke up a prayer meeting in the Presbyterian church here last night. Just when the members were in a devout line of thought the little creature tried to ascend Squire Fulton's leg and perch on his knee. Elder Fulton banded the mouse a good worldly punch and the little bundle of gray fur landed in that zone occupied chiefly by the sisters. In record-breaking time every fair worshiper was without the walls, their skirts tightly gathered. In vain the brethren implored the fearful ones to return. The chain of meditation and prayer had been broken. The meeting abruptly ended, the sexton extinguished the lamps and the mouse held the fort.

Attempted Parricide.

New Brunswick, N. J., July 29.—Thomas A. Gerrity, a law student, formerly employed in the office of Senator Robert Adrian, became violently insane last night, and tried to kill his father. The police received a hurry call and patrolmen responded Arriving at the house they found that young Gerrity had his father locked in a room, and he was guarding the outside armed with a butcher knife. The son had already cut his father several times. The officers had a fierce struggle with Gerrity, in overpowering him. They succeeded finally in driving him out of the house and getting the knife. Gerrity is now in jail. He will be taken to an asylum today.

To Stop Poolselling.

Boston, July 29.—Chief Joseph Shaw, of the state police, has issued an order to his deputy, George C. Neal, to stop pool selling at the race track throughout the state. That Governor Douglas is behind this latest and unexpected move is not to be denied. The executive department is entirely reticent on the subject and will not discuss the matter of "inspiration," but those in close touch say that Chief Shaw entered upon this crusade at the instance of Governor Douglas. Deputy Neal says his men will be present at the tracks from now on, and all violators of the law will be brought before the courts.

Railroad Wreck.

Van Buren, Ark., July 29.—The worst wreck in the history of the Western division of the Iron Mountain Railroad occurred near Ozark, forty miles south of here, when Little Rock and Kansas City passenger train No. 106 was wrecked at 1 a. m. today. Every physician from Van Buren and Fort Smith was sent on a relief train. The number killed is not yet known. Forty are reported injured.

Ironworkers' Strike.

New Haven, Conn., July 29.—The local strike of twenty members of local No. 15, of the Bridge and Structural Ironworkers' Union, who refused to continue work for the American Bridge Company, which concern has the contract for the construction of the Kimberly avenue bridge over the West river, has reached a serious point. All New England is now tied up by the strike, and it bids fair to be a general strike all over the country, which will be fought to the bitter end. The cause of the strike is over the fact that the American Bridge Company sub-let contracts to the Boston Bridge Company, a concern employing non-union men. There are 150 local union men employed by the American Bridge Co. and these men refuse to work unless the American Bridge Company comes to terms and strikes from its list all non-union contractors.

Leaders Arrested.

Warsaw July 29.—Ten leaders of the Jewish band have been arrested here by the police who charged them with planning the insurrectionary movement which has been responsible for so many disturbances.

Rics, Russia, July 29.—A smuggler who was carrying a large bundle of revolutionary proclamations, was arrested on the docks today. The officers then boarded the vessel from which the smuggler had landed, and after a search revealed 250 sacks of literature, put out by the insurrectionists.

The Czar in Paris.

Paris, July 29.—The Shah of Persia, who is visiting in Paris, was indisposed again this morning, and unable to leave his rooms. Early in the week, the Shah was overcome by the heat while making a tour of the large stores of the city, and had to be carried to his apartments in the hotel where he is stopping.

TELEGRAPHIC BREVITIES.

Commander Theo. F. Burgdorff, died at the Naval Hospital, Philadelphia, this morning.

The Cuban House yesterday by one vote, refused to print the Platt amendment as an appendix to the constitution.

Secretary Taft and the party of Americans left Tokio this evening for Kioto. A distinguished assemblage gathered at the station to bid farewell to the party.

Prince Henri Gulard de Bearn et de Chalais, secretary of the French Embassy at St. Petersburg, and his princess, who was Miss Beatrice Winans, of Baltimore, arrived in New York today from Havre, on the steamship La Touraine. This is the first visit made by the princess to her native land since her marriage in June, of this year.

Arthur Devereaux, a druggist assistant, who killed his wife and twin babies by administering morphine to them, was condemned to suffer the death penalty in the Old Bailey court, in London, today. After committing his crime, Devereaux packed the bodies of his victims in a trunk and stored them in a warehouse where they remained for two months before they were discovered.

Strikers and Strikebreakers Fight.

Two men have broken heads and one of them probably will die as a result of a hand-to-hand fight with crowbars and pickaxes between half a hundred strikers and strikebreakers in New York yesterday. While the strikebreakers were at work excavating, a party of strikers who had been displaced by them made a concerted attack on the workers. The battle which ensued continued until a large body of police from two stations arrived to restore order. By that time two men had been so badly used up that they were taken to a hospital, and several others were arrested. Another fight, arising from the same strike, in which revolvers played a prominent but harmless part, started in the same vicinity a few minutes later. No one was severely injured, however, and no arrests were made.

Mr. Bryan to Visit Europe.

Wisconsin democrats, to the number of 500, last night gave a banquet in Madison to Wm. J. Bryan. Col. Bryan said that he held it a great honor to address such a gathering. He intended to take an extended European trip, and for that reason especially appreciated the present opportunity to discuss democratic ideas and principles. It was early to discuss the standard bearer of the party for 1908. He said that he wanted to take a long foreign trip to bring back what he could to promote good government. He thought that it was a good time for him to go now, because there were no prospects that the Senate and the President would get together on any important subject for a long time.

Yellow Fever.

Twenty-six new cases of fever and two deaths were reported in New Orleans yesterday.

A nurse who was on duty near the French Market has been stricken with the disease.

Shotgun local quarantines have sprung up in many parts of Lousiana and Mississippi.

Government experts in New Orleans are treating the fever situation entirely on the mosquito theory.

Dr. Eugene Wasdin was put in control of the maritime quarantine patrol in Mississippi waters.

Two steamers, with suspicious cases of fever aboard, are held in quarantine at Havana.

Herring Accused of Murder.

The coroner's jury in Richmond yesterday rendered a verdict accusing John Hunter Herring of killing Charles J. Abern on a street car Thursday evening by firing a pistol bullet into his brain. The testimony showed that the men, who were constant companions, had been drinking together all day Thursday. Herring had several times displayed a pistol, and had once said he was going to kill Abern, but was thought to be joking. Abern, it was shown, had played a joke on Herring during the day by saying that a woman they had been visiting had consented to marry him.

Kimonas for His Nudes on Sunday.

Banker John Farson, of Chicago, who is having plans drawn for his magnificent hanging gardens covering six blocks of ground in Oak Park, will drape the statues of Venus and other female figures with kimonas on Sundays. His club friends are suggesting that he also adorn the statues with sunbonnets when susceptible visitors are visiting the gardens, and the suggestion may be adoped on Sundays. The hanging gardens will be the most costly and unique feature of the kind in the West.

New Landing.

The new landing place recently built on the river in King George county has been completed and is being used by the river line steamers as a landing place. The new wharf is located not far from where Stiff's wharf formerly stood, and will be of great advantage to the business men in the upper part of King George. The wharf is now known as Smith's after its owner, but it is understood it will be known as Cottage wharf. Smith's, is the only wharf on the river between Gunston and Stuart's wharves, a distance of about thirty miles.

Mr. Robert Crane, owner of the wharf at Lower Cedar Point, has recently rebuilt and greatly enlarged and improved the wharf and has renamed it "Morgantown." This pier has had a number of names in recent years, having been long known as Lower Cedar Point and later as Dill's.

Colored Man Beaten.

Early risers in the southeastern portion of the city had their attention attracted this morning to a considerable quantity of blood on the northwest corner of Wilkes and Royal streets. It was at first reported that an attempt had been made to hold up a white man last night and that the latter had severly beaten his assailant. Later it was ascertained that a colored man named William Washington had emerged second best in a fight. It seems that while a gentleman living in the neighborhood was on his way home last night he was assaulted by Washington, who was drunk, and the white man was forced to render the darkey hors de combat. Washington lives on the square where the difficulty occurred.

Baseball.

The baseball game for the championship honors will be played at 5 o'clock today on the fair ground. Unlicensed Dogs.

The police are on the search for persons who are harboring dogs without having licenses for the same. Officer Allen brought Mary Richards, colored, before Justice Caton this morning charged with keeping seven unlicensed curs. She was fined $2. He also arraigned Hattie Douglass upon the charge of keeping one unlicensed canine. It was shown that the woman had been paying taxes on her dog in times past and was saving money to procure this year's license. She was dismissed upon promising to take out a license at once. It is believed that a large percentage of dogs running about the city are owned by white and colored people who are defying the law.

CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey, of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five minutes I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy it for sale by Gibson and Timberman and W. F. Creighton & Co.

Jerome Attacks Tammany.

Aroused by what he terms the unwarrantable removal of W. M. Fuller from the Chief Clerkship of the Court of Special Sessions in New York to make room for former Alderman C. W. Culkin, whose appointment C. F. Murphy has ordered, District Attorney Jerome yesterday made a bitter attack upon Murphy, Tammany Hall and everything about Tammany generally. It appears from this talk that Tammany Hall has given him to understand that he cannot expect the support of the organization next fall, and that he is out to make a strong fight. Mayor McClellan, he declared, was not doing his best in the appointing of political leaders, like Maurice Featherston as Dock Commissioner, of Thomas McEvoy as Assistant Police Commissioner and of John T. Oakley as Water Commissioner. All these men are prominent in the Tammany organization.

Killed by the Mayor.

B. A. Gallagher was shot and killed by E. Hursey, postmaster and Mayor of Abbeville, Ala., at that place yesterday. Gallagher and Hursey had been at odds for some time. The exact nature of the first trouble could not be learned, but about a month ago Gallagher was arrested and fined by Hursey. He became very much offended and refused to pay the fine assessed against him. Gallagher went downtown with a pistol buckled on and a shotgun in his hand. He was just across the street from Hursey's place of business and had stepped on a porch of Dr. Bank's drug store. Hursey, it is alleged, fired on Gallagher without warning. Hursey fired from inside his store and the charge of buckshot entered Gallagher's abdomen and lodged in his back.

STREET ENCOUNTER.

Growing out of the attack made by N. T. Green, a candidate for the State Senate, on the record of State Senator W. W. Sale, in a speech in Norfolk several days ago, Maj. S. Heth Tyler, of the firm of Sale, Mann & Tyler, attacked Mr. Green on the street yesterday morning in much the same manner as his partner, Col. James Mann, assailed Mr. Green in Mr. Green's office on Wednesday. A heavy exchange of blows resulted before the two were separated. Mr. Green's skin was broken in a slight scratch below the right eye, and Maj. Tyler's right shoulder was unjointed by the force of a blow which he struck and failed to land, or else during the clinch that followed. Both men retired at once to their offices, and Mr. Tyler went a few minutes later to his home.

Mr. Green has refused to make any statement in regard to the encounter other then to let it be known that he does not intend to change his method of conducting his campaign. He said: "I shall stick to every word I said in my speech in Norfolk, and my other speeches will be in line with those utterances."

Maj. Tyler made the following statement: "I was out yesterday morning for the first time since Mr. Green made his speech assailing Col. Sale, Mann, and myself in connection with the Jamestown bill. When I saw Mr. Green, what I considered my righteous indignation asserted itself, and I walked up to him and struck him. I was returning to my office from the National Bank of Commerce and saw Mr. Green on the other side of the street with another gentleman walking toward the Citizens' Bank. I immediately crossed over, and when Mr. Green saw me approaching he stopped. His hands were in his hip pockets, but this is a normal attitude of his and I attached no importance to it. As I stepped up on the curbing he drew his hands out of his pockets and I dropped my umbrella and struck at him. The force of the blow, coupled with my weakened condition, caused the dislocation of my shoulder, and, although we clinched, I did not have the use of my right arm after the first blow. A crowd gathered around us, and we were separated. If Mr. Green struck me I am not aware of it."

Chief of Police Boush has summonses for Mr. Green and Maj. Tyler to appear in Police Court to answer charges of fighting.

MEETINGS.

A CALLED MEETING of the stockholders of the COLONIAL LOAN AND DEPOSIT ASSOCIATION will be held at the offices of said association, No. 128 south Fairfax street, Alexandria, Virginia, on MONDAY, August 7, 1905, at 2 o'clock, p. m., for the purpose of considering certain resolutions of the Board of Directors of said association, adopted on the 17th day of June, 1905, in Havana, Cuba, which resolutions are as follows:

First. This company being now essentially a Cuban institution, with all its financial interests in Cuba, be it resolved that steps be taken to abolish the present legal necessity of holding the stockholders' meetings in Virginia, United States of America.

Second. In order to accomplish the object of the first resolution, and also to make some changes deemed necessary and expedient, be it resolved that it is deemed advisable that the Directors of the Colonial Loan and Deposit Association be authorized and empowered to transfer, by sale, consolidation or otherwise, to another company which is or may be established under the laws of Cuba by the directors of the Colonial Loan and Deposit Association, or by others, or by both, all the assets and liabilities of the old company other than the rights of or against its stockholders derived from the subscription to or possession of stock, said Cuban company to be formed on the basis deemed most expedient for securing more capital for loans and investments, and with the general powers of a trust company.

Third. Be it further resolved that it is deemed advisable that the stockholders of this company whose stock at the time of transfer is unencumbered and up to date in its payments, exchange their stock for paid-up and non-assessable stock of the Cuban company, receiving in stock of the said company an amount equal to the total loan fund credit of their respective certificates of stock, plus 1-6 of 1 per cent. for each month transpired since the first payment on same.

Fourth. Be it further resolved that the stockholders who now have loans may continue their monthly payments as at present, in accordance with the conditions of their respective contracts, until their loans are paid off, but that they may, if they wish, exchange their stock as the other stockholders, and recognize a straight loan in favor of the purchasing company.

Fifth. Be it further resolved that a special meeting of the stockholders of this company be held in Alexandria, Virginia, on the seventh of August, 1905, at 2 p. m., to take action on the above resolutions, and also to arrange all the details of transfer and change that may be deemed necessary and expedient.

CANDIDATES.

Alexandria, Va., July 19, 1905.

TO MY FELLOW CITIZENS OF ALEXANDRIA CITY AND COUNTY:

I beg to announce that I will be a candidate for the House of Delegates for the city and county of Alexandria subject to nomination by the democratic primary. It is well known to my fellow citizens that I was an aspirant for the honor of lieutenant-governor of Virginia, and that for reasons already made known to the public I felt constrained to retire from that contest. When I did so I had no intention of becoming a candidate for renomination and re-election to the House of Delegates, until urged upon me by a large number of my fellow citizens of the city and county of Alexandria, whose wishes and friendship I felt under obligations to regard. After mature consideration and yielding to what I believe to be the wish of a large body of my fellow citizens and friends representing every interest in the community, I have concluded to stand for re-nomination and re-election. I have been twice honored with the election by my people as their representative in the General Assembly of Virginia, and trust that my past record in that body will be to them a pledge and assurance of my future conduct should it be their pleasure to return me to this post of honor. In the event of my nomination and election I pledge myself faithfully to guard and defend every interest of the city and county in which I have spent my life and in which are centered all my affections and interests. I respectfully solicit the endorsement and support of the people whom I have represented to the best of my ability in the two last General Assemblies of Virginia. Very respectfully,

jy26 10t JAMES R. CATON.
